

EVHS: What to Keep and What to Change
2008 Youth Town Hall
Sponsored by Espanola Valley High School and New Mexico First

Summary	Recommendation
1. Better tasting food on campus	So that more students will want to eat on campus, 1) a Subway or other restaurant outlet should be allowed to open a campus concession; 2) there should be more choices available from the cafeteria (i.e., split menu); 3) expired food should not be served; 4) better freezers and mixers should be purchased for the cafeteria.
2. Open campus for eligible students	So that students can have more choices for food, eligible juniors and seniors should be allowed to leave the campus for lunch. A three-strike process would be implemented for students who abuse this privilege.
3. Better quality textbooks	So that students do not have to use outdated and damaged text books, a \$5.00 per year usage fee should be charged to purchase new textbooks for all subjects. A recycling program could be started at the school to raise money for those who cannot afford the fee.
